COUPLE SAVED FROM TITANIC

Now Get Divorce—Man Concerned Now at Aiken, S. C.

Philadelphia, Pa., Jan. 22.—"Cruel and barbarous treatment" was the ground of the divorce granted last June to Mrs. Lucile Polk Carter, now Mrs. George Brooke, of Birdsboro, Pa., from William E. Carter, of Rosemont. This was learned, although the records were impounded.

Perhaps the most interesting part of the record is the short paragraph relating to the escape of the Carters from the Titanic.

"On April 12, 1912," Mrs. Carter said, according to the record, "we sailed for America on the Titanic. When the Titanic struck my husband came to our stateroom and said: 'Get up and dress yourself and the children. I never saw him again until I arrived at the Carpathia at 8 o'clock the next morning, when I saw him leaning on the rail. All he said was that he had had a jolly good breakfast and that he never thought I would make it.'"

Mr. Carter, who is at the Wilcox Hotel, Aiken, S. C., did not appear to testify.

Results of Teachers' Examination.

There were quite a number who stood the teachers' examination held at the Court House on January 15th. The examination papers have been examined and the work graded. All those who stood the examination were numbered and their papers graded without knowing the names of those whose work was being considered. The results obtained were as follows:

First Grade—Nos. 33 and 52.
Second Grade—Nos. 10, 17, 22, 34, 35, 36 and 42.
Third Grade—Nos. 3, 9, 13, 14, 15, 21, 25, 28, 30, 37 and 43.
Twenty in all made grades—2 first, 7 second and 11 third.

Young Men Suspected of Murder.

(Hartwell, Ga., Sun.)

Walter Vickery, Andy Evans and Snow Doyle were all arrested last week and placed in jail here, being charged with the murder of the negro Ernest Gray, who was found dead in the road near Bowersville two weeks ago. Vickery was first arrested, but he gave out facts that involved the other two men, who were arrested later in the week.

Vickery, who was given the privilege of staying out of the cells, but who was under guard, made his escape on Tuesday evening from the jail, and so far as we know, has not been found.

20-CENT COTTON, SAYS HEFLIN.

Diversified Farming Works Dawn of New Era in the South.

Washington, Jan. 23.—Representative Heflin, of Alabama, told the House to-day he expected to see the price of cotton "go up to around 20 cents" in the winter of 1915.

"The day of diversified farming has come in the South," he said. "There is the dawn of a new day. My people have been taught by a bitter experience to break the shackles that have bound them to one idea of farming. The day is coming, not far off, when the fields will blossom, along with cotton, with corn, oats, wheat and peas. With those as the base of supplies, as a fortification, the farmer will dictate the prices of cotton to the world."

"King cotton no longer will be the only product on the Southern farm, but just one of a multiplicity of products. No longer will it be a burden, but a blessing. With the strength that the diversified ideas give the farmer, cotton will be given her place in the markets of the earth."

Mr. Heflin contended "bear speculators" had used the power the farmers had placed in their hands to beat down the price of cotton. Farmers now, he said, would refuse to sign notes and mortgages that came due in November and December, so as to leave the "period from August to December 15 free and unshackled and to leave the farmer as the absolute master of his business to sell or not, just as he may see fit."

Held for Recent Wreck.

Raleigh, N. C., Jan. 22.—Will Grant, a negro, and M. R. Kelley, white, both said to be discharged employees of the Seaboard Air Line railroad, were arrested on suspicion by officers investigating the wreck on Tuesday night near Osgood, N. C., of Seaboard Air Line train No. 3, in which Engineer T. S. Stone was killed and the negro fireman badly injured. Grant was arrested here. Kelley was arrested in Hamlet, N. C.

According to the officers, Grant was discharged following trouble with Engineer Stone. He is being held pending investigation of his whereabouts at the time of the wreck. Kelley is held on a technical charge of forgery, it being alleged that he attempted to cash the pay check of a conductor here. Officers declare Kelley was seen near the scene of the wreck shortly before it occurred.

ELECTRIC BITTERS THE BEST FOR BILIOUSNESS AND KIDNEYS

SHOOT OVER TON 21 MILES.

Uncle Sam Preparing Better Defense for Panama Canal.

Boston, Jan. 22.—The army's biggest gun, recently finished at Watervliet Arsenal for the defense of the Panama Canal, and which is capable of throwing a 2,400-pound shell 21 miles, was brought to the Watervliet Arsenal for its carriage to-day. The gun is 56 feet long. It required a specially constructed freight car for transportation here.

Use Wilt-Resistant Seed.

Somebody estimates that the South loses about \$10,000,000 annually as the result of the ravages of cotton wilt and root-knot. South Carolina bears a large part of this loss. It is not difficult, however, to protect one's cotton crop from wilt. The use of wilt-resistant varieties of cotton is the course urged by the botany division of Clemson College, and this division is co-operating with a number of farmers in the State who are producing carefully grown seed of these resistant varieties to sell to farmers who need it. The botany division of Clemson College will be glad to answer questions about wilt and root-knot.

CALOMEL SALIVATES AND MAKES YOU SICK.

Acts Like Dynamite on a Sluggish Liver and You Lose a Day's Work.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel to-day and you will feel weak, sick and nauseated to-morrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.—Adv.

RELEASED \$5,000 BOND EACH.

Defendants in Noted Fair Play Case All Now at Liberty.

William T. McClure, Woodrow Campbell and Calhoun Kay, the three men arrested and held in the Fair Play case, were released last night from custody, bail having been fixed by Judge T. J. Mauldin at \$5,000 for each of the three defendants. There were quite a number of Anderson citizens in Wallalla Friday afternoon to witness the making of the bonds. Prominent among those who signed the bonds were Jos. Smith, J. C. Easley, J. J. Fretwell, J. E. McGee and John M. Davis.

At the hearing of the bail proceedings at Helens the defendants were represented by T. Frank Watkins, one of Anderson, and J. R. Earle, one of Wallalla. M. C. Long, Esq., of Wallalla, appeared for the State. The preliminary hearing in Wallalla before Magistrate J. B. S. Verner after which the defendants were committed to jail pending the bail proceedings.

This case has attracted no little attention all over the State and will be watched throughout with no small degree of interest. The defendants are quite prominent men in their section of the county.

It is stated on good authority that there will be other arrests in the case. The awful condition of the roads has made traveling almost impossible and further work on the case will be entered energetically as soon as weather conditions will permit.

Lynched for Stealing Cattle.

Vicksburg, Miss., Jan. 20.—Ed. Johnson, a young negro, was taken from a deputy sheriff by a mob of about 20 men within the city limits here early to-day and lynched. He had been arrested charged with stealing cattle and the officer was bringing him to jail when he was met by the mob. The negro was shot to death.

D. J. Griffith Re-elected.

Columbia, Jan. 21.—The General Assembly in joint session this morning elected M. P. DeBruhl, of Columbia, Code Commissioner, and re-elected D. J. Griffith, superintendent of the State penitentiary.

TO HAVE MOVIES IN SCHOOLS?

Senator Verner's Bill Created Considerable Discussion.

(The State, 23d.)

After an hour of debate, which was continued from Thursday's session, the Senate yesterday refused to strike out the enacting words of the bill offered by Senator Verner, of Oconee, to authorize moving pictures in public schools. An amendment places the censorship of the films in the hands of the State Board of Education, and another amendment exempts 14 counties of the State from compliance with the provisions of the bill.

Senator Verner stoutly defended his measure against the objections previously raised. He said that it is not a "dangerous" bill, as it does not "compel" any one to have moving pictures. He maintained that moving pictures in schools would not hurt the eyes of the children any more than the pictures in the theatres. He said that he favored the proposed amendment to place the censorship of the films in the hands of the County Superintendent of Education.

Senator Wightman objected to the bill on the ground that there are more pressing conditions which should be remedied. Senator Sharpe said that the bill is "not meritorious," and that he had heard no demand for such a bill. Senator Epps, of Sumter, objected to the bill, saying that it is impractical. Senator Appelt favored the bill, subject to amendments.

By a vote of 21 to 15 the Senate refused to strike out the enacting words of Senator Verner's bill.

Westminster Local Notes.

Westminster, Jan. 26.—Special: Protracted services will begin in the Presbyterian church next Sabbath. Rev. J. B. Green, of Greenville, will assist the pastor, Rev. J. E. Wallace, in these meetings.

The Westminster friends of Ebenezer Stribling were grieved to learn of his death, which occurred in Florida last week.

W. J. Whetsell and two sons, Drs. T. C. and W. W. Whetsell, of Greer, have purchased the stock of the Westminster Pharmacy and will move here in the near future. We welcome these new-comers to our midst and wish them success in their business.

3 YEARS FOR HINMAN'S SLAYER.

Killing Took Place at Sea—Trial by Federal Court.

Columbia, Jan. 21.—With the same stoical indifference that has marked his conduct during his entire trial, George B. Perkins, Boston architect, was to-night sentenced by Judge H. A. M. Smith, in the Federal Court here, to three years in the Atlanta Federal prison for the killing of F. W. R. Hinman, business manager of the Florida Times-Union, of Jacksonville, last November aboard the Clyde liner Mohawk.

The morning was consumed with arguments by the attorneys. At 2.20 o'clock the case was given to the jury. After taking one ballot the jury found Perkins guilty of manslaughter at 4.40 o'clock. Six o'clock was named as the time for sentence to be pronounced.

It was stated by attorneys that a writ of error would be sued for to-morrow morning, and Judge Smith fixed \$5,000 as the amount of Perkins' bond. The case will be carried on appeal to the Federal Circuit Court at Richmond. If this verdict is sustained on appeal it is said that the case will then be taken to the United States Supreme Court. With good behavior Perkins would be released in two years if he serves the sentence imposed upon him to-night.
